PROFILE

I am passionate about creating intuitive and engaging user experiences. My design background and development skills allow me to understand the front-end design process end-to-end. I bridge the gap between art and engineering. I obsess over the details and strive to write scalable modular code that's as beautiful as the UI on top.

TECHNICAL SKILLS

HTML5	■■■■■■■■■	UI Prototyping	■■■■■■■■■	Git / GitHub	■■■■■■■■■
CSS3 / Sass	■■■■■■■■■	Responsive Design	■■■■■■■■■	SVG / Vector Graphics	■■■■■■■■■
JavaScript	■■■■■■■■■	Adobe Photoshop	■■■■■■■■■	Graphic / Visual Design	■■■■■■■■■
jQuery	■■■■■■■■■	Adobe Illustrator	■■■■■■■■■	UI Design	■■■■■■■■■

RECENT EXPERIENCE

July-Dec 2015 - Premera Blue Cross - UX Prototyper

- Rapid prototyping of new site features and layouts
- Translated mockups into HTML5 / CSS for technical feasibility and production
- Extended Bootstrap framework to include Premera-branded components

Apr-Jun 2015 - Bellevue Club - Web Designer & Developer

- Designed reusable HTML email templates for the club's promotional emails
- Managed content on the club's three websites

Jan-Feb 2015 - Dawley & Associates - Front-End Developer, Seattle WA

- Planned and redesigned client websites to be responsive / mobile-friendly.
- Designed and coded responsive HTML emails and web forms.

2015 - Freelance - Web / Graphic Designer, Seattle, WA

- Blackbaud, Luminate CRM™ promotional site - <https://blackbaudhq.com/lcrm-sleep-better/>
- Code Fellows, Teaching Assistant, Foundations of Computer Science & Web Development

PROJECTS

FitGenie - MEAN stack web app - <http://fit-genie.herokuapp.com/>

- Created mobile-first wireframes and user-flow chart
- Designed UI components - Typography, color palette, images/textures

Technologies used: HTML5, Sass, MongoDB, Express, AngularJS, NodeJS, Heroku

Photo Booth - HTML5 Camera API web app - <http://nklunder.github.io/Photo-Booth-App/>

- Features added to enhance the user experience: shutter-sound, flash effect, photo saving
- Implemented effects filters that can be applied live to the video stream

Technologies used: HTML5 (camera & audio APIs), JavaScript, CSS

EDUCATION

2014 Code Fellows, Seattle, WA - Certificate, Front-End UX Design & Development

2008 University of Hawaii, Honolulu, HI - B.A., Communication
